EFFECTIVE DATE OF THIS NOTICE

This notice went into effect on April 15, 2022

ACKNOWLEDGEMENT OF RECEIPT OF PRIVACY NOTICE

Under the Health Insurance Portability and Accountability Act of 1996 (hereafter, "HIPAA"), you have certain rights regarding the use and disclosure of your protected health information (hereafter, "PHI").

I. MY PLEDGE REGARDING HEALTH INFORMATION:

I understand that health information about you and your health care is personal. I am committed to protecting health information about you. I create a record of the care and services you receive from me. I need this record to provide you with quality care and to comply with certain legal requirements. This notice applies to all of the records of your care generated by this mental health care practice. This notice will tell you about the ways in which I may use and disclose health information about you. I also describe your rights to the health information I keep about you and describe certain obligations I have regarding the use and disclosure of your health information.

I am required by law to:

- Make sure that PHI that identifies you is kept private.
- Give you this notice of my legal duties and privacy practices with respect to health information.
- Follow the terms of the notice that is currently in effect.
- I can change the terms of this Notice, and such changes will apply to all the information I have about you. The new Notice will be available upon request, in my office, and on my website.

II. HOW I MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU:

The following categories describe different ways that I use and disclose health information. Not every use or disclosure in a category will be listed. However, all of the ways I am permitted to use and disclose information will fall within one of the categories.

For Treatment Payment, or Health Care Operations: Federal privacy rules (regulations) allow health care providers who have direct treatment relationship with the patient/client to use or disclose the patient/client's personal health information without the patient's written authorization, to carry out the health care provider's own treatment, payment, or health care operations. I may also use your PHI for operations purposes, including sending you appointment reminders, billing invoices and other documentation.

Disclosures for treatment purposes are not limited to the minimum necessary standard. Because therapists and other health care providers need access to the full record and/or full and complete information in order to

provide quality care. The word “treatment” includes, among other things, the coordination and management of health care providers with a third party, consultations between health care providers and referrals of a patient for health care from one health care provider to another.

Lawsuits and Disputes: If you are involved in a lawsuit, I may disclose health information in response to a court or administrative order. I may also disclose health information about you or your minor child(ren) in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

III. CERTAIN USES AND DISCLOSURES REQUIRE YOUR AUTHORIZATION:

1. **Psychotherapy Notes.** I do keep “psychotherapy notes” as that term is defined in 45 CFR § 164.501, and any use or disclosure of such notes requires your Authorization unless the use or disclosure is:
 - a. For my use in treating you.
 - b. For my use in supervision.
 - c. For my use in defending myself in legal proceedings instituted by you.
 - d. For use by the Secretary of the Department of Health and Human Services (HHS) to investigate my compliance with HIPAA.
 - e. Required by law and the use or disclosure is limited to the requirements of such law.
 - f. Required by law for certain health oversight activities pertaining to the originator of the psychotherapy notes.
 - g. Required by a coroner who is performing duties authorized by law.
 - h. Required to help avert a serious threat to the health and safety of others.
2. **Sale of PHI.** I will not sell your PHI.

IV. USES AND DISCLOSURES THAT DO NOT REQUIRE YOUR AUTHORIZATION.

Subject to certain limitations in the law, I can use and disclose your PHI without your Authorization for the following reasons. I have to meet certain legal conditions before I can share your information for these purposes:

1. Appointment reminders and health related benefits or services. I may use and disclose your PHI to contact you to remind you that you have an appointment with me. I may also use and disclose your PHI to tell you about treatment alternatives, or other health care services or benefits that I offer.
2. When disclosure is required by state or federal law, and the use or disclosure complies with and is limited to the relevant requirements of such law.
3. For public health activities, including reporting suspected child, elder, or dependent adult abuse, or preventing or reducing a serious threat to anyone’s health or safety.
4. For health oversight activities, including audits and investigations.
5. For judicial and administrative proceedings, including responding to a court or administrative order or subpoena, although my preference is to obtain an Authorization from you before doing so if I am so allowed by the court or administrative officials.
6. For law enforcement purposes, including reporting crimes occurring on my premises.
7. To coroners or medical examiners, when such individuals are performing duties authorized by law.
8. Specialized government functions, including, ensuring the proper execution of military missions; protecting the President of the United States; conducting intelligence or counterintelligence operations; or, helping to ensure the safety of those working within or housed in correctional institutions.

9. For workers' compensation purposes. Although my preference is to obtain an Authorization from you, I may provide your PHI in order to comply with workers' compensation laws.

V. CERTAIN USES AND DISCLOSURES REQUIRE YOU TO HAVE THE OPPORTUNITY TO OBJECT.

Disclosures to family, friends, or others: You have the right and choice to tell me that I may provide your PHI to a family member, friend, or other person whom you indicate is involved in your care or the payment for your health care, or to share your information in a disaster relief situation.

VI. YOU HAVE THE FOLLOWING RIGHTS WITH RESPECT TO YOUR PHI:

1. **The Right to Request Limits on Uses and Disclosures of Your PHI.** You have the right to ask me not to use or disclose certain PHI for treatment, payment, or health care operations purposes. I am not required to agree to your request, and I may say "no" if I believed it would affect your health care.
2. **The Right to Request Restrictions for Out-of-Pocket Expenses Paid for In Full.** You have the right to request restrictions on the disclosure of your PHI to health plans for payment or health care operations purposes if the PHI pertains solely to a health care item or a health care service that you have paid for out-of-pocket in full.
3. **The Right to Choose How I Send PHI to You.** You have the right to ask me to contact you in a specific way (for example, home or office phone) or to send mail to a different address, and I will agree to all reasonable requests.
4. **The Right to See and Get Copies of Your PHI.** Other than in limited circumstances, you have the right to get an electronic or paper copy of your medical record and other information that I have about you. Ask us how to do this. I will provide you with a copy of your record, or if you agree, a summary of it, within 30 days of receiving your written request. I may charge a reasonable cost-based fee for doing so.
5. **The Right to Get a List of the Disclosures I Have Made.** You have the right to request a list of instances in which I have disclosed your PHI for purposes other than treatment, payment, or health care operations, and other disclosures (such as any you ask me to make). Ask me how to do this. I will respond to your request for an accounting of disclosures within 60 days of receiving your request. The list I will give you will include disclosures made in the last six years unless you request a shorter time. I will provide the list to you at no charge, but if you make more than one request in the same year, I will charge you a reasonable cost-based fee for each additional request.
6. **The Right to Correct or Update Your PHI.** If you believe that there is a mistake in your PHI, or that a piece of important information is missing from your PHI, you have the right to request that I correct the existing information or add the missing information. I may say "no" to your request, but I will tell you why in writing within 60 days of receiving your request.
7. **The Right to Get a Paper or Electronic Copy of this Notice.** You have the right to get a paper copy of this Notice, and you have the right to get a copy of this notice by email. And, even if you have agreed to receive this Notice via email, you also have the right to request a paper copy of it.
8. **The Right to Choose Someone to Act for You.** If you have given someone medical power of attorney or if someone is your legal guardian, that person can make choices about your health information.
9. **The Right to Revoke an Authorization.**
10. **The Right to Opt out of Communications and Fundraising from our Organization.**
11. **The Right to File a Complaint.** You can file a complaint if you feel I have violated your rights by contacting me using the information on page one or by filing a complaint with the HHS Office for Civil Rights located at 200 Independence Avenue, S.W., Washington D.C. 20201, calling HHS at (877) 696-

6775, or by visiting www.hhs.gov/ocr/privacy/hipaa/complaints. I will not retaliate against you for filing a complaint.

VII. COMMUNICATION: Based on HIPAA Guidelines, I am including the following information about the use of mobile phones and e-mail for communication.

Mobile Phone Communication-If you call or text me, please know that your phone number may be stored on my mobile phone memory for a period of time. While my phone is password protected, in the unlikely but possible event that my phone was to be lost or stolen, it is possible that your contact information may be accessed. I am comfortable receiving text messages but will not reply so if you need my response, please use one of the methods below.

E-mail- Please note that e-mail is not a secure form of communication, and that confidentiality is not guaranteed. Internet service providers (both yours and mine) retain logs and e-mails are retained. These logs are not normally accessed, but could, in theory, be read by the system administrator(s) of the Internet service provider. Any email I receive from you, and any responses that I send to you, will be considered part of your treatment record.

Voicemail, Telephone, and Electronic Devices- Please note that I frequently access my e-mail using a personal password-protected device, such as my mobile phone or laptop. While I take care to protect these devices, it is theoretically possible that if these devices were lost or stolen, someone could hack into them and access our communication or your contact information. Please keep this in mind when choosing what to communicate with me via these mediums.

Simple Practice- Once treatment begins, my preferred method of contact is through Simple Practice. You will be able to send and receive secure messages using the same system where you completed your intake paperwork and can view payment documents. From now on, I would prefer to use Simple Practice to communicate about anything other than scheduling or urgent matters. If you forget your password at any time, please let me know and I am happy to reset this for you. Please know that I take serious precautions to protect my mobile phone and laptop (i.e., password protected and kept either with me or locked away, providing two lines of defense against such a breach). However, it is important that you know the potential risks involved with confidentiality when using these forms of communication.

VIII. CHANGES TO THIS NOTICE

I can change the terms of this Notice, and such changes will apply to all the information I have about you. The new Notice will be available upon request, in my office and on my website.
